Mr. Kramer currently serves as Emergent's president and COO. Effective April 1, 2019, Mr. Kramer will assume the role of president and CEO and will serve on the Emergent Board, succeeding Daniel J. Fuad El-Hibri, executive chairman of the board of Emergent BioSolutions, stated, "Bob embodies Emergent's past and future. No one knows Emergent more intimately than Bob does, which will serve him well as he plays a pivotal role in taking the company to the next level. Following the rapid expansion we have experienced in the last few years, Bob's appointment to the Emergent Board is a natural progression that will ensure both a seamless leadership transition when Dan retires and continued momentum for growth of the company."
