Gaithersburg, Maryland 20879**

(Address of principal executive offices, including zip code)

(240) 631-3200
(Registrant's telephone number, including area code)

N/A
(Former name or former address, if changed since last report)

Check the appropriate box below if the Form 8-K filing is intended to simultaneously satisfy the filing obligation of the registrant under any of the following provisions (*see* General Instruction A.2. below):

- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.001 par value per share	EBS	New York Stock Exchange

Indicate by check mark whether the registrant is an emerging growth company as defined in Rule 405 of the Securities Act of 1933 (§230.405 of this chapter) or Rule 12b-2 of the Securities Exchange Act of 1934 (§240.12b-2 of this chapter).

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Item 1.01 Entry into a Material Definitive Agreement

On June 26, 2026, Emergent BioSolutions Inc. (the “Company,” including its wholly-owned subsidiaries, “Emergent”), through its wholly-owned subsidiary, Emergent Product Development Gaithersburg Inc., received a contract modification from the Office of the Assistant Secretary for Preparedness and Response (“ASPR”), an agency of the U.S. Department of Health and Human Services (“Modification No. 15”), exercising Option Year 7 for Emergent to supply ACAM2000[®] (Smallpox (Vaccinia) Vaccine, Live) to the U.S. government under Emergent’s existing 10-year contract with ASPR (the “ACAM2000 Contract”). Modification No. 15 is valued at \$52.7 million and requires Emergent to deliver doses of ACAM2000[®], ancillaries as well as diluent replacement lots to the U.S. government in June 2026, and any remaining balance of diluent by December 2026.

The preceding description of Modification 15 does not purport to be complete and is qualified in its entirety by reference to the full text of Modification 15. A copy of Modification 15 is expected to be filed as an exhibit to the Company’s next Quarterly Report on Form 10-Q. The ACAM2000 Contract is filed as a material agreement of Emergent as Exhibit 10.48 with the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2019.

Item 7.01 Regulation FD Disclosure.

On June 29, 2026, the Company issued a press release announcing Modification No. 15. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.

The information contained in this Item 7.01 shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

Item 9.01 Financial Statements and Exhibits.

Emergent BioSolutions Secures Contract Modification Valued at Approximately \$52.7 Million for ACAM2000® (Smallpox and Mpox (Vaccinia) Vaccine, Live) from the U.S. Government

GAITHERSBURG, Md., June 29, 2026 (GLOBE NEWSWIRE) -- Emergent BioSolutions (NYSE:EBS) today announced it has been awarded a contract modification valued at \$52.7 million from the Administration for Strategic Preparedness and Response (ASPR) at the United States Department of Health and Human Services to supply ACAM2000® (Smallpox and Mpox (Vaccinia) Vaccine, Live) vaccine, ancillaries as well as diluent replacement lots for smallpox preparedness and response needs. Deliveries are expected to begin this month.

“This new contract modification for ACAM2000® underscores the U.S. government’s continued focus on biodefense preparedness and reflects Emergent’s longstanding role to collaborate and help protect civilians and warfighters against potential smallpox and mpox threats,” said Paul Williams, senior vice president, head of products business, global government & public affairs at Emergent. “In this increasingly dangerous world, we are proud to continue supporting the U.S. government as they continue to take critical, proactive steps on biodefense preparedness.”

This award follows Emergent’s recent announcements that the Saudi Food and Drug Authority [has approved ACAM2000®](#) for immunization against smallpox and mpox in high-risk individuals and that Singapore’s Health Sciences Authority has [approved an expanded indication for ACAM2000®](#) to include prevention of mpox disease in adults determined to be at high risk for mpox infection.

Experts consider smallpox to be a credible bioterror threat, with potential health, economic and national security implications due to its mortality rate.¹ Emergent specializes in developing, manufacturing and delivering medical countermeasures to the U.S. government and allies around the world to support health preparedness and help protect the public from potential threats like smallpox, mpox, Ebola, anthrax and botulism.

This contract modification is under Emergent’s existing 10-year contract (75A50119C00071) with ASPR.

Indication and Select Important Safety Information for ACAM2000® (Smallpox and Mpox (Vaccinia) Vaccine, Live)

Indication

ACAM2000® is indicated for active immunization for the prevention of smallpox and mpox disease in individuals determined to be at high risk for smallpox or mpox infection.

Important Safety Information

Warning: Serious Complications

Myocarditis and pericarditis (suspect cases observed at a rate of 5.7 per 1000 primary vaccinees (95% CI: 1.9-13.3)), encephalitis, encephalomyelitis, encephalopathy, progressive vaccinia, generalized vaccinia, severe vaccinia skin infections, erythema multiforme major (including STEVENS-JOHNSON SYNDROME), eczema vaccinatum resulting in permanent sequelae or death, accidental eye infection (ocular vaccinia) which can cause ocular complications that may lead to blindness, and fetal death, have occurred following either primary vaccination or revaccination with ACAM2000® or other live vaccinia virus vaccines that were used historically.

Contraindications

Do not administer ACAM2000® to individuals with severe immunodeficiency. These individuals may include persons who are undergoing bone marrow transplantation or persons with primary or acquired immunodeficiency states who require isolation.

Warnings and Precautions

Serious complications that may follow either primary or revaccination with ACAM2000® include myocarditis and/or pericarditis, ischemic heart disease and non-ischemic dilated cardiomyopathy, encephalitis, encephalomyelitis, encephalopathy, progressive vaccinia (vaccinia necrosum), generalized vaccinia, severe vaccinia skin infections, erythema multiforme major (including Stevens-Johnson syndrome), eczema vaccinatum, fetal vaccinia, fetal death, and accidental eye infection (ocular vaccinia) that may lead to blindness. ACAM2000® is a live vaccinia virus that can be transmitted to persons who have close contact with the vaccinee and the risks in contacts are the same as those stated for vaccinees.

Adverse Reactions

Common adverse reactions include inoculation site signs and symptoms, lymphadenitis, and constitutional symptoms, such as malaise, fatigue, fever, myalgia, and headache.

To report Suspected Adverse Reactions, contact Emergent BioSolutions at 1-877-246-8472 (U.S.), 1-800-768-2304 (Canada), or medicalinformation@ebsi.com; or VAERS at 1-800-822-7967 or <https://vaers.hhs.gov>.
